Notes.

There is a splendid showing of specimens from the boys' and girls' clubs in the North Barre Methodist mission.

Everyone notices the exhibits of the boy scouts and the campfire girls.

Judges were busy this forenoon with

the poultry exhibit and announcements will be made Monday.

Awards not included in to-day's account of the exhibit will be published Monday.

Perhaps the most comprehensive and complete department is devoted to vegetables and flowers.

Rabbits and guinea pigs form an exhibit of their own.

Parents are urged to have their children send displays to the county exhibit next week.

WOULD NOT YIELD AN INCH.

Declared Candidate Hughes in Speech at South Bend.

South Bend, Ind., Sept. 23.—Charles E. Hughes, speaking here last night at the end of his most strenuous day of presidential campaigning, told an audience that the Republican party and he, as its candidate, stood "four square to the world" for the enforcement of American rights without favor throughout the world.

"We cannot maintain our standing as a nation," he said, in discussing the administration's foreign policy "unless we are correct. We cannot help Mexico or anybody else unless we are correct in our international policies. If we are to have the esteem of the world instead of the enmity of the world, if we are to have the friendship of Mexico, if we are to be of service, we must lay it down as an absolute principle to be understood by all nations that we do not propose to meddle officiously in their affairs, but we do propose that the American flag shall be respected and that American citizens shall be protected everywhere.

"That is not the path that leads to war, that is the path that leads to peace and security. You do not protect yourself by surrendering your known rights. It is the man of self-respect who firmly, but not truculently represents himself as being able to maintain his just rights that is respected in the community. It is the nation that stands erect in its own self-respect, it is the nation that is firm and consistent in the maintenance of its known rights that wins the esteem of the world."

Mr. Hughes again assailed the administration for the enactment of the Adamson law.

"If I were vested with executive responsibility, I would not yield an inch to any man," he said, "labor or capital, who desired executive action of any kind in advance of knowledge of the justice of the case."

Only a small fraction of the big crowd that gathered was able to gain entrance to the hall in which the candidate spoke.

A CAMPAIGN OF "IF"

Declares Vice-Pres. Marshall, Attacking Hughes.

Richmond, Ind., Sept. 23.—Vice-Pres. Thomas R. Marshall, in an address here last night challenges Charles E. Hughes, Republican candidate for president, who spoke here Thursday night, to say what he would do under the same conditions that confronted the Democratic administration. He also asserted that Mr. Hughes' election would mean control of the government by what he called the "standpatters."

"The election of Mr. Hughes," he said, "will put the government under the control of the 'standpatters' for the rule of seniority in the Senate will confer the important chairmanships of the Senate committees upon such men as Boies Penrose of Pennsylvania, Reed Smoot of Utah, Warren of Wyoming and Lodge of Massachusetts."

The vice-president denied that labor had injured the country in pressing the passage of the eight-hour bill.

"But the eight-hour law is not the vital or paramount issue in this campaign, despite the efforts of Candidate Hughes to make it appear so," he said.

The real issue is whether the president of the United States can continue to handle our foreign relations so as to keep our country at peace with honor."

"The whole Republican campaign hinges on the little word 'if,'" the vice-president declared.

NEWSPAPER TRANSFERRED.

The Advance Now Controlled By Editor Merle MacAllister.

Burlington, Sept. 23.—The controlling interest in The Advance, the weekly which was primarily the organ of the Progressive party in this state, was yesterday transferred by Guy B. Horton, president of The Advance company, to Merle MacAllister, who has been the editor of the paper the past four months.

Mr. MacAllister has not purchased the entire stock of the paper, Mr. Horton retaining a small portion of it, and shares are held by others.

Mr. MacAllister has very successfully edited The Advance since his connection with the paper and has many friends throughout the state who wish him the greatest success in the future. He has been in newspaper work for the past six years. He was graduated from Maine Central institute, one of the leading preparatory schools in Maine, and had a year's work in the journalistic department of the University of Wisconsin. For a time he was secretary to Jacob Riis and came to Vermont from Portland, Me., where he was connected with the Portland Press.

NURSE SAVED AGED MAN.

Put Out Fire Saved by Contact of an Alcohol Pad and Lamp.

Stoneham, Mass., Sept. 23.—An alcohol pad, catching fire from a lamp in the home of Dr. G. W. Nickerson, ignited the clothes of the bed on which lay his aged father-in-law, Perry Ransom, yesterday.

Mr. Ransom had just been given an alcohol bath by his nurse, and she was carrying the pad to another room, when it brushed the top of a lamp chimney.

Immediately it burst into flame, as did the alcohol-soaked bedclothing. The nurse pulled the clothing from the bed, and then picked Mr. Ransom up in her arms and carried him to another room, where she treated burns on the legs. She herself received burns on the hands.

On account of the severe accident that Miss Eileen Parks of King street received in stepping into an automobile at the close of the wedding services at the Gregory home on Washington street last Wednesday night, she will be unable to give the party to her Sunday school class this evening at the home of Mrs. Lucy F. Sowden of Tremont street as had been planned.

Keefe, former Goddard seminary star, will probably pitch his last game of the season this afternoon or to-morrow, when the Hoerly All-Stars meet the season. Keefe will leave to-morrow evening for Medford, Mass., where he enters Tufts college next week. Keefe will don the football togs soon after he reaches the Medford institute. With the graduation of Whitaker and O'Mara, the star pitchers on last spring's team, Keefe will have an excellent chance to work on the mound throughout next season.

William Cheney of Berlin and Fred Kent, a former schoolmaster in the Coble hill school district, arrived in the city last night from Fort Ethan Allen, where they have been staying during the past two days since their return from Eagle Pass, Tex., where they have been occupied since the latter part of June with Co. C of the Vermont National Guard. Messrs. Cheney and Kent were students at the University of Vermont when the call for the guardsmen was given by Pres. Wilson and were members of the college battalion who went to form a part of the regiment. They were mustered out yesterday.

Candidates for the office of city representative in Barre spent only \$44.02 in seeking the nominations prior to the primaries of Sept. 12, according to returns made as the city clerk's office when the time limit for filing expired last night. As was noted in yesterday's Times, F. G. Howland, successful Republican nominee, expended \$36.55 for postage, stationery and printing, the statement having been filed on the day following the primaries. H. A. Phelps spent \$7.47, according to the returns which he made yesterday, the money going for postage, printing and advertising. Rev. J. B. Eardson, the Democratic nominee, reported that the nomination did not cost him anything.

Guests arriving at Hotel Barre last night and this morning included the following people: Mrs. G. C. Partridge, Miss Partridge, Mr. Ten Eyck, 3d, of New York, Charles Messenger of Boston, Mr. and Mrs. S. N. Marble of Madison, Conn., Miss Jean A. Stockwell of New York, Miss Elizabeth Russell of New York, Miss Beth Hepler of Boston, Miss Helen Taylor of Brooklyn, N. Y., Mr. and Mrs. L. J. Roberts of Waterbury, Fred S. Pease of Burlington, J. G. Anderson of Hartford, Harry J. Smith of Manchester, W. J. Smith of Fayetteville, N. Y., Charles H. Morse of St. Johnsbury, Mrs. Irvin Holland of Wintthrop, Mass., W. W. Wheeler of Grand Rapids, Mich., Mr. and Mrs. E. H. Davis of New York City, R. D. Murphy of Rochester, H. P. Prindle of Burlington and E. B. Carr and R. E. Jackson of Brockton, Mass.

A sharp-eyed denizen of the Blanchard block, third floor back, probably saved a number of scene shifters and truckman's helpers from disaster Friday afternoon when the laborers started the work of hoisting the equipment of the "Romana" company to the third story of city hall.

Several loosened bricks hung out over the stage door and as the man in the Blanchard block glanced across the alley, it looked to him as though the bricks were about to fall on the heads of several unsuspecting freight passers on the flagging below. When he called their attention to the danger overhead, one of the men applied a stick to the loose brick and was rewarded by an ominous clattering on the ground. The bricks needed only a touch of the stick to be loosened enough for a fall. The condition of the wall was reported to the alarm committee and repairs may be made at once.

AMERICAN GOODS FOR CEYLON.

Cotton Products from United States are Very Popular There.

Washington, D. C., Sept. 23.—Because one line of American cotton goods is very popular in Ceylon, Special Agent Ralph M. Odell, of the bureau of foreign and domestic commerce, is positive that there is a splendid opportunity to introduce other lines on the island.

The partiality shown by the natives for American grey drills is one of the most interesting features of the cotton goods trade in Ceylon. Attempts to introduce English and Japanese goods of this sort have always failed, for the American goods are well known and dealers say that their quality has always been maintained. The price is admittedly high, but the people seem to be willing to pay for quality so long as the price is within reason.

The success of this line is conclusive proof, says Mr. Odell in his latest report, that American cotton goods can be sold in this part of the world in the face of the most severe competition. It is a question of introducing grades that appeal to the popular fancy and then keeping the quality uniform. Once a grade is well known and favorably known it is very hard to displace. The suggestion is also made that the American manufacturer take steps to deal direct with importers in Ceylon and not depend on indirect relations through India.

Ceylon purchases a trifle more than \$4,000,000 worth of cotton goods from abroad annually, and of this amount the United States furnishes some \$750,000 worth. It is not so important a market as the Dutch East Indies or the Straits settlement, upon which Mr. Odell has previously reported, but it is worth careful attention at this time. Gains made now will be permanent if proper methods are pursued. The largest demand is for grey and white shirts, and drills, cambrics, lawns, muslins and mulls, dhoties sarongs and cambrays, and prints. American manufacturers are urged to make a special study of these lines, as they offer the best opportunity for satisfactory business.

The report is a careful analysis of the cotton-goods trade, written with manufacturers and exporters in mind. The author is a technical expert who has studied the cotton-goods trade in practically every country in the world, and he leaves no details uncovered.

Copies of the bulletin, which is entitled "Cotton Goods in Ceylon," special agent series No. 128, may be purchased at the nominal price of five cents each from the superintendent of documents, Washington, or from the nearest district office of the bureau of foreign and domestic commerce.

AN ODD ACCIDENT.

Manhole Covers Blown Off and Leaping Flames Burned Girl.

Boston, Sept. 23.—An eight-year-old child was seriously burned and the entire neighborhood in the vicinity of North square was thrown into excitement yesterday afternoon when the covers of two Edison Light manholes blew off almost simultaneously.

SPAULDING FOOTBALL.

Season Opens Next Saturday with Montpelier Seminary.

First in the field with a football schedule that is practically completed is Spaulding high school this year, thanks to the diligence of the manager and the advisory board. Practice at the Gospel village campus began several days before school opened and the grilling which some of the raw recruits received under the direction of Capt. John Tomasi has been continued with the arrival of Coach C. L. Brown. Five veterans of last year's team form a nucleus for this year's outfit and the prospects for a team that will do honor to Spaulding's athletic record are considered favorable.

The high school season opens in Barre next Saturday when the school boys line up against Montpelier seminary, and closes in St. Albans Nov. 18. There are four home games, four out of town and one open date. Manager Lee Maiden submits the following schedule:

Sept. 28—Montpelier seminary at Barre.

Sept. 30—St. Johnsbury academy at Barre.

Oct. 14—Montpelier high school at Montpelier.

Oct. 21—St. Johnsbury academy at St. Johnsbury.

Oct. 26—Montpelier seminary at Montpelier.

Nov. 4—Montpelier high school at Barre.

Nov. 11—Open.

Nov. 18—St. Albans high school at St. Albans.
